# W.G. "Bill" Hefner VA Medical Center

612 MOCKSVILLE AVENUE, SALISBURY, NC 28144  
704-638-9000 WWW.SALISBURY.VA.GOV

The W.G. "Bill" Hefner VA Medical Center provides general medicine and surgery to veterans of the United States armed forces.

One of four Veterans Administration hospitals in North Carolina, the Hefner VA Medical Center has 568 hospital beds and 93 nursing home beds. The VA Medical Center is one of Rowan County's largest employers.

Inpatient services include acute medicine, cardiology, surgery, psychiatry and physical medicine and rehabilitation, as well as sub-acute and extended care.

Primary and specialized outpatient services are provided at the medical center complex and at community-based outpatient clinics in Charlotte, Winston-Salem and Hickory.

Contractual extended care is provided through an extensive residential care treatment program and a community nursing home program.

State-of-the-art equipment and facilities ensure the most cutting edge technology and treatment for patients.

The center's geropsychiatric unit, opened in 1990, has become the prototype design used throughout the VA hospital system.

The facility is named for the late U.S. Rep. W.G. "Bill" Hefner, who served in Congress from 1975 to 1999.
